

The Only Industrial Product Search Platform in Thailand

MAB THAILAND

WWW.MAB.CO.TH

Our platform goes beyond general manufacturer information, encompassing the entire industrial sector. From measuring instruments and processing machinery to FA equipment, logistics companies, and even data processing service providers, we cover it all. Designed as the ideal platform for sales departments, logistics companies, engineers, and purchasing or procurement teams, it's also available for students seeking industry knowledge.

A Platform to Meet the Needs of Every Industry

Find the Perfect Tools for Your Research!

Easily search for measurement instruments, materials, and cutting-edge measurement systems essential for your daily projects and research!

Discover Companies for Your Future Career!

Access a wealth of information on potential employers, as well as competitive products for informed purchasing decisions.

01 Thailand's Only Product Search Platform

Our platform offers extensive information on industrial machinery, testing and measurement equipment, manufacturing, industrial properties, prototyping, and logistics in Thailand.

02 Supports All Devices

Access anytime, anywhere from your computer, smartphone, or tablet—our platform is designed to keep you connected on any device.

03 Available in Three Languages

User-friendly and available in Thai, Japanese, and English, our platform ensures seamless navigation and accessibility for everyone.
